

2023 “CAUSE” MSc Outdoor Ice-Breaking

Entry Fee Payment Instructions

5 October 2023

Overview

The 2023 “CAUSE” Outdoor Ice-Breaking Event requires an SGD 40.00 entry fee to finalize the registration. We use PayNow® and PayLah® for online fee collection.

Important Note

The entry fee is **non-refundable**. If you encounter difficulties attending the event or disagree with our policy, please stop making payment. By completing the payment, you are indicating your agreement to the fee policy described in this document.

Do **write down your matriculation number** (e.g., G2300000A, in accordance with the one you used in pre-registration) in the “remark” field of mobile payment applications. If you cannot do so, please take a screenshot of the **payment completion page**, ensuring your name and transaction number are visible, and save it on your phone. Submit the screenshot to eee-lll_student_club@ntu.edu.sg with the subject line “2023 CAUSE Payment.” We strongly advise everyone send his/her evidence of payment completion to us so that we can confirm your payment. Anonymous payments will not be refunded or assigned to anyone unless evidence is provided.

Payment Channels

Please note that the QR code here will **expire on 9th October 2023** (Monday). You only have limited time to make the payment.

Remarks

Figure to the right shows an example of making PayNow® via DBS digibank app. There is a pre-filled text area “Add comments for Recipient”. Please use this part to fill in your matriculation number.

Other bank apps like BOC Mobile may not be able to edit this area. In this case, please screenshot after you have successfully paid the fee, then send this evidence to our email address with your name and matric number.

Contacts

Should you have any questions, contact the Lifelong Learning Club committee.
